

Exploring What's New in AI: Classroom and Workflow Tools

with Monica Burns & Sponsored by NYSASCD

ASCD and ISTE experienced educator, instructional technology leader, and author

**90-minute Webinar on
March 13, 2024 from 4-5:30 PM ET**

Goal: To help educators build a foundation for understanding generative artificial intelligence with a focus on instructional planning and productivity.

Program Description: This webinar focuses on generative AI and Chatbots, laying a foundation for educators to understand and effectively use these new tools with a focus on instructional planning and productivity. This session is designed to help teachers and administrators plan for summer work and the 2024-25 school year.

Program Title:
“Exploring What’s New in AI: Classroom and Workflow Tools”

Are you making the most of artificial intelligence? In this session, we will look at what’s new in artificial intelligence (AI), specifically generative AI and its impact on teaching and learning. Explore a variety of new tools designed with educators in mind, alongside updates to popular generative AI tools including chatbots like Claude, Bard and ChatGPT. This session will provide updates

related to these topics as well as new considerations for educators.

Meeting Date & Time (via Zoom):
Wednesday, Mar. 13, 2024 4:00-5:30 PM ET

Cost: \$75 / person.

The registration fee includes a hardcopy of the Quick Reference Guide titled *Using AI Chatbots to Enhance Planning and Instruction (2023)*.
